

## PRESIDENT'S MESSAGE September 2019

Dear Teacher Candidate,

Congratulations on choosing teaching as your profession. A career in public education provides challenges, opportunities, and rewards, and generates many opportunities for personal and professional growth.

We are a strong, democratic union that uses its knowledge and power to balance both the protective and professional concerns of its membership, which comprises more than 60,000 anglophone and francophone education workers in over 150 bargaining units across Ontario in all sectors of the education system, from pre-school to post-secondary.

Our expertise and resources are focused on helping education workers achieve their goals. We work to maintain appropriate salaries, pensions, benefits, and working conditions for our members. We also offer high quality professional growth opportunities created by members, for members. Additionally, OSSTF/FEESO protects its members and ensures they are treated fairly, including providing support for due process in disciplinary matters with employers or with the College of Teachers.

OSSTF/FEESO plays a leading role in defending equitable access to high-quality education in Canada and around the world. We work every day to help students succeed in strong, well-funded, public education institutions.

OSSTF/FEESO is also involved in causes that are local, national, and international in scope and we make a difference because our members care about the world they live in and do not hesitate to get involved to help people. This has made OSSTF/FEESO one of the strongest and most respected education unions in Canada and beyond

As a student in an Ontario Faculty of Education in an Intermediate/Senior or Technological Education program, you are an Associate Member of OSSTF/FEESO. We have put together a wealth of information specifically for teacher candidates at [www.ossf.on.ca/TCinfo](http://www.ossf.on.ca/TCinfo); in addition, you can find a lot of general information about OSSTF/FEESO at [www.ossf.on.ca/askOSSTF](http://www.ossf.on.ca/askOSSTF).

You will have the opportunity to attend an OSSTF/FEESO Certification presentation. If you attend that session, you will receive an application form for a Letter of Assessment. When the completed form and all necessary documentation is submitted, representatives from the OSSTF/FEESO Certification Department will assess your academic and/or technical credentials and indicate what category or "pay group" you will be in when you are hired for a Long Term Occasional or permanent teaching position at a public secondary school. The category or "pay group" is part of a formalized grid structure included in all collective agreements.

I wish you all the best as you pursue your teacher training; enjoy the experience. I look forward to welcoming you as a full member of OSSTF/FEESO after you have been successful in your future job search in an Ontario public secondary school.

In Solidarity,

Harvey Bischof, President
