Dear President Bischof,

I am writing this letter on behalf of the 33,000 teachers, health and human services professionals who are members of United Teachers Los Angeles, to extend our solidarity to the 200,000 educators who were on the province-wide strike on February 21st.

We support the just demands of OSSTF/FEESO that the government immediately end the drastic cuts to the public education budget. Your hard-working and dedicated members need to have the full economic and government support so that they can provide a quality education to all students throughout the Ontario.

We will continue to follow your union's negotiations with the provincial government and stand in support of further job actions you may take to win a fair contract.

In solidarity,

Alex Caputo-Pearl
President, United Teachers Los Angeles
