Worker's Exposure Incident Form

The attached **Worker's Exposure Incident Form** (form 3958A) is intended for voluntary use when an unplanned workplace incident exposure has resulted from a leak, spill, explosion, release, or an unexpected contact with a chemical or other substance. The event may have exposed workers to an infectious, chemical or other substance. The purpose of this form is to obtain information about the exposure incident experienced by the worker should an illness or disease occur in the future.

The **Worker's Exposure Incident Form** should be completed if you have experienced an unplanned workplace exposure where there has been:

- no lost time
- no illness

If you are experiencing any illness needing medical treatment, (*such as diagnostic tests, prescribed medication or ongoing treatment*) please complete a Worker's Report of Injury/Disease (Form 6).

Forms should be completed and forwarded to:

(If it would be helpful, attach a diagram to describe the event or another sheet for added information).

At Aldershot school, router installation in August 2018 led to contractors improperly drilling in to non-friable asbestos acoustic tile. The debris was not properly cleaned up after reporting issues. 5 months later, more debris was discovered again. Business as usual was conducted until the evening of Jan. 17, 2019 when remediation was performed. There was more debris found the following workday and it remains to be seen if all debris has been cleaned up.

What personal protective equipment were you wearing at the time?

Not Applicable

In the event that this exposure results in an illness that entitles you to benefits under the Workplace Safety and Insurance Act (the Act), by signing this form, you consent to the release of functional abilities information as required in section 22(5) of the Act, in the event there is a right to benefits.
