2. Process of Application

- 2.1 The applicant completes the application form (**one for each committee/council**) as fully as possible and forwards the Recommendation Form to the applicant's Member in Good Standing or Bargaining Unit President ASAP. The Nominations Committee considers only those applications, which are accompanied by a Recommendation Form. Late applications are not considered by the committee unless there are insufficient on-time applications.

The OSSTF/FEESO Member-in-Good-Standing, completing the Confidential Recommendation Form, should consider the following criteria:

- general commitment to Federation services
- contribution to District activities
- skills/qualities of the applicant specifically related to the committee/council to which application is being made
- potential contribution to the committee/council

- 2.2 The completed application and Confidential Recommendation Form should be submitted to: pcapplications-temp2022@osstf.ca .

- 2.3 To be considered on-time, the forms, including the Confidential Recommendation Form, must be submitted by March 1, 2023. Applicants are also encouraged to complete the voluntary Self-ID Form and submit it with their application.

3. Process for Appointment

- 3.1 The Nominations Committee of Provincial Council meets at least two weeks prior to the April meeting of the Council. The committee prepares a **confidential** list of recommendations. Provincial Council makes the final appointments at the April meeting.
- 3.2 In making recommendations, the Nominations Committee may consider the following criteria:
- committee/council membership requirements;
 - geographical distribution;
 - gender equity;
 - new/experienced;
 - Bargaining Unit;
 - on-time applications; (late applications will be considered for appointment only if there are not enough on-time applications for that Provincial Standing Committee or Council);
 - applications without a Confidential Recommendation Form will not be considered;
 - to comply with the constitution, the Nominations Committee will ensure that recommendations for appointments to Provincial Standing Committees representing equity-seeking groups shall be comprised, where possible, of a majority of members who self-identify as belonging to the equity-seeking group(s) represented by the committee.
 - priority will be given to applicants who will not be sitting on a Provincial Standing Committee or Council in the upcoming Federation Year.

These criteria may be applied to both an individual committee and to the overall list of nominees.

- 3.3 Applications are kept on file until March 1, 2024 in the event that vacancies arise.
