## Postsecondary Education Town Hall

To: Presidents and All Members

From: Martha Hradowy, President

### For Action

Join OSSTF/FEESO for an important virtual town hall on: Underfunded and Undervalued: Support Staff and the Crisis in Postsecondary Education.

Across Ontario, education workers, students, families, and communities are feeling growing pressures on our publicly funded postsecondary education system. This town hall brings together OSSTF/FEESO members, community partners, and the public to share experiences, highlight the essential role support staff play in creating safe and vibrant campuses, and build shared understanding about what's happening—and where we go from here.

### What to expect:

- Panel featuring OSSTF/FEESO university support staff workers, community members and organizations
- Opportunities to share your perspective and hear from others

### Who should attend:

Education workers, postsecondary support staff, teachers, families, community members, and anyone who cares about the future of public education in Ontario. All are welcome.

### Accessibility:

French interpretation will be provided.

**Date:** Thursday, June 11, 2026

**Time:** 7:00–8:00 PM (EDT)

**Location:** Live on Zoom

This is your opportunity to stay informed and help shape the future of public education. Registration details can be found here: <https://actionnetwork.org/events/osstffeeso-post-secondary-education-town-hall-series/>

An English and French poster are attached.

If you require further information, please contact Dan Earle at [dan.earle@osstf.ca](mailto:dan.earle@osstf.ca).
